

How to Play

- 1) Close the lever so the handle is sideways.

- 2) Drop the marble in the top of the tube.

- 3) When the marble gets to the middle of the tube turn the lever.

- 4) Watch for the marble to come out of the bottom.

Problem Solving

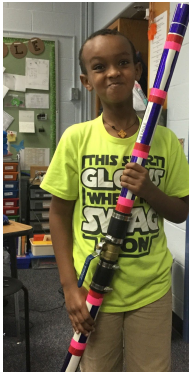

How do you get the marble out of the tube if it is stuck?

-If the marble is stuck in the tube you have to shake the tube really really hard to get the marble out of the tube?

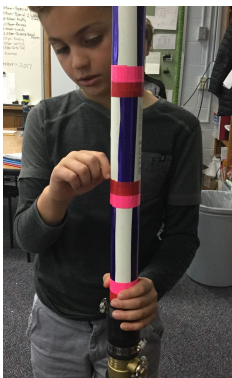

Safety rules

1) Don't swing the tube because you might hurt someone.

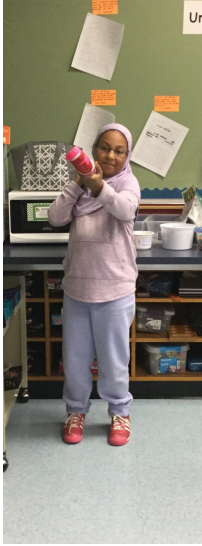

2) Don't peel the tape because then you have to put on the tape and the tape would not stick.

3) Be careful with the tube or if you throw the tube the tube will break in half and you

might not play with it again.

4) Try not to bend the tube when your pulling the lever down.
